BROADCAST RESTRICTIONS
2014 USA Track & Field Championships Series

All individuals or authorized representatives for an organization who have been accepted for accreditation for any 2014 USA Track & Field Championship Series event must both agree and adhere to the conditions for telecast or Internet purposes outlined below, as well as USATF's Credential Policy, in order to receive their official accreditation. USATF owns the exclusive right to all competition footage appearing on the telecast; accommodations will be made, as indicated below, for third party, news-based TV coverage by accredited media. Any violation of these requirements will result in revocation of the individual's or authorized representative's accreditation.

The terms of access are as follows:

1. Accredited media are at no time permitted to use coverage for any purpose other than what is stated in the application for accreditation and the accompanying terms and conditions.

2. NBC, NBCSN and Universal Sports are the broadcasters of all USA Track & Field Championship Series events, and as such, are the only organizations allowed to record video from the infield of each event.

3. Accredited media are not permitted to broadcast, transmit, distribute, or permit others to broadcast, transmit or distribute the entire event on a live or tape delayed basis.

4. Third party outlets have no right to distribute or license clips and/or highlights of any event via any means or media now known or later developed.

5. Third-party outlets may record limited athlete interviews taking place outside the track – in the mixed zone or other designated press areas.

6. Accredited media are prohibited from interacting with athletes during warm-up and competition.

7. No third party outlet is permitted to show any competition footage until after the telecast has aired on the network hosting the event. Please check the television tab on www.usatf.org homepage for all broadcast times and dates. No race may be shown in its entirety, regardless of length, and race finishes are not to be shown.

8. Accredited media may record portions of the events taking place at any USA Track & Field Championship Series event, shooting only from designated media areas outside the track. Footage used for rebroadcast from any single event may not exceed six (6) seconds in length; total footage used may not exceed a combined two (2) minutes.

9. Accredited media may not use unauthorized technologies for the recording of events.

10. Accredited media may not record any portion of the event from undesignated areas.

11. No finish-line footage may be recorded for any sprint event, and/or any event that is part of the USA Track & Field Championship Series broadcast. This may include youth and masters events.

12. Accredited media are not permitted to display on the Internet or any other media any live video portions of any competition.

13. Accredited media are at no time permitted to provide the competition footage to any third-party person for any use inconsistent with the foregoing.
