QUALIFYING GUIDELINES

1. All qualifying performances must be made on indoor tracks.
2. Qualifying marks must be made and verifiable in one of the following:
 - a. USATF- or IAAF-sanctioned events
 - b. collegiate meets which prescribe to or exceed USATF rules of competition
 - c. high school meets, except dual and triangular meets
3. Indoor qualifying standards must be met from Friday, November 21, 2003 through Sunday, February 22, 2004.
4. No allowances are provided for indoor facilities of differing size, bank or other configuration. No allowance for altitude is permitted.
5. Fully automatic timing (F.A.T.) is the only method of timing acceptable for qualifying marks for events equal to or shorter than 400 meters.
6. A manual time may be used for qualifying for events of 800 meters and longer only if no F.A.T. qualifying time exists for the race during the qualifying period. A manual time may not supersede any F.A.T. qualifying time for an event. Qualifying manual times, for eligible events, are the F.A.T. qualifying time without the last zero for men and the F.A.T. qualifying time minus 0.14 for the women. Manual times will be converted for seeding purposes using USATF Rule 76.
7. Times submitted in hundredths of a second must be F.A.T. times.
8. An entered athlete attaining a qualifying mark within one-tenth percent (0.1%) of the standard for a running event, or 3 cm below the standard for the discus, javelin or hammer or 1 cm below the standard for all other field events may declare their desire to compete during the normal declaration period. Athletes with-in this allowance may be accepted into the competition by the Sport Committee Chair when positions are available in existing heats or sections in running events or when the number of competitors in a field event is fewer than 12.

ELIGIBILITY TO COMPETE

In addition to correctly entering the meet and having equaled or bettered the qualifying standard(s) during the stated qualifying period, the following criteria must also be met:

- **For all athletes, a 2004 USATF membership number must be provided or entry will not be accepted.** USATF memberships may be purchased on-line at www.usatf.org, through your local USATF Association, or by calling the USATF National Headquarters at 317-261-0478 x345. The fee is \$20.
- Athletes wishing to represent a branch of the Armed Forces of the United States must be registered with the membership committee of their local USATF Association.
- Only citizens of the United States who are eligible to represent the U.S. in all levels of international competition are eligible to compete in championship events.

USATF RULE 11.3(B)

Where there are insufficient entrants who have met the qualifying standard and who have declared that they will compete, to make a final of an event competitive, the Games Committee or its representatives, prior to the day of the Championships, may approve for that final a limited number of additional entries from those who have entered the event prior to the closing date for entries, but who have not met the qualifying standards for that event, provided that such additional entries be approved in the order of best qualifying performance. The Games Committee shall exercise reasonable efforts to notify those entrants of the opportunity to compete.

PRIZES & AWARDS

A Gold Medal, emblematic of the Championships of the United States of America, will be given to the winner of each Championship event, a Silver Medal to second and a Bronze Medal to third and fourth. If team scoring exists, the Daniel J. Ferris and Conrad A. Ford Trophies will be given, respectively, to the winning men's and women's USATF-registered clubs or college teams, based on a point scoring system of 5 for first, 3 for second, 2 for third and 1 for fourth.
