

Date: November 12, 2009

To: National Officials Committee

From: Len Krsak --- NOC Selection Committee Chair

Subject: 2009 Selection Committee Report

The week of September 6, 2009, 2270 USATF Championship letters and applications were mailed to all National and Master level officials on record as being re-certified for the (2009-2012 Olympiad) as of July 31, 2009.

Since 2009 was a re-certification year and all mailing addresses were current there were no applications returned as undeliverable.

The date for returning applications to the Vice Chair of Certification, Jim Flanik, was October 17, 2009.

375 applications were returned by the post mark date of October 17, 2009 and will be considered for selection. Six (6) individuals will not be considered for selection as their application were received past the post mark due date.

I have had contact with several individuals who missed sending in the application for various reasons i. e., forgot to mail it, forgot to complete it, lost it, or said they never received it. I have informed each individual who has contacted me that the deadline is set in stone and there are no exceptions.

Several individuals did not follow instruction and sent attachments. The application were processed but the attachments were discarded. In addition ten (10) individuals were resent a copy of the championship letter and application due to not receiving material through the mail.

Respectfully submitted,

Len Krsak
NOC Selection Committee Chair
