

Minutes of the Credentials Subcommittee Meeting

8:00 a.m. Thursday, December 3, 2015 USATF Annual Meeting Houston, TX

Subcommittee met to review the registration statistics of the associations as compiled by the National Office. The purpose is to determine whether the number of coaches, number of athletes, and the total number of delegates registered for the Annual Meeting by each USATF association is in compliance with their membership for the 2015 year. The subcommittee reviewed each association determining twenty-eight (28) met the requirements for voting. Twenty-seven (27) associations had errors that would need to be corrected by Noon on Friday, December 4, 2015. Two (2) associations were suspended. Six (6) associations (Dakota, Niagara, Oklahoma, Oregon, Snake River and West Virginia) did not bring the minimum number of delegates to the Annual Meeting and will need to submit a request for waiver of that portion of the Representation standard.

ACTION ITEM: National Office would send an email to those associations needing a waiver as a backup reminder.

Specific information about each associations review is available on the Credential chart.

Respectfully submitted
Secretary of Organizational Services
